

This program is **essential** to Marshall County. Since I am older, it was wonderful to see the **professionalism and enthusiasm** of the younger people in my class. They are **present and future leaders.**

Mary Ann LaPlante, South Bend | Class XXI

“  
If your actions inspire others  
to dream more, learn more,  
do more and become more,  
you are a leader.  
John Quincy Adams”

**LMC**  
Leadership Marshall County

**2017 - 2018 | Class XXIII**

**Leadership Marshall County**  
c/o Marshall County Community Foundation  
PO Box 716  
Plymouth, IN 46563

Even though I live and work in Marshall County, I gained **new insight** into areas of diversity, recreation, services, available volunteer opportunities, and government services. LMC has further developed some **innovative and enthusiastic leaders with fresh and creative ideas**. Marshall County has many opportunities to become involved and LMC gave us the exposure to those opportunities.

Kim Bates, Bourbon | Class XVI

LMC has impacted my life **both personally and professionally**. I've been able to **connect with the community** in ways that would not have been possible otherwise. It has been a great learning experience and **I am changed because of LMC**.

Loretta Schmidt, Plymouth | Class XX

The LMC program is **dynamic, growing and changing** with the people and communities it serves. It allows each class member to have input and **make a mark**.

Emily Ryman, Culver | Class III

## What is Leadership Marshall County?

Leadership Marshall County (LMC) is a 9-month program dedicated to **cultivating today's leaders to serve tomorrow's community** by building a solid foundation of informed, action-oriented employees and citizens. Participants gain **valuable exposure to community leaders, programs and service initiatives**, while engaging in interactive assignments which raise community awareness and action. Involvement in group projects encourages further investigation into long-term community goals, strategies and planning objectives.

### Program Objectives:

- 1 Expand and enhance the leadership potential and skills of participants.
- 2 Improve communication among leaders by expanding networks in both public and private sectors of Marshall County.
- 3 Foster a commitment to community service by providing access to leadership opportunities and exposure to possible board openings aligned to interests and passions.
